[Aundré Herron](#) is a very serious person. Aundré Herron is a very funny person. By day she works tirelessly for the California Appellate Project, where she serves as Senior Staff Attorney, working with inmates on California's death row and counsel appointed to represent them. At night she is the award winning stand-up comedienne, "Aundré the Wonder Woman", mixing politics and the human condition with humor in front of audiences across America.

You will get to see both sides of Aundré Herron on Friday, April 9th as we proudly present her as the keynote speaker at our 2010 Awards Ceremony and Annual Dinner. Her keynote address *The Death Penalty: Where Are We Now and Where Are We Going?* will focus on bring us up to date on the status of the death penalty in California, whose Death Row population of 700 people is the largest in the nation, and discuss what we can do to stop the resumption of executions in California.

The Sonoma Chapter will be presenting the 2010 Jack Green Civil Liberties Award to [Alicia Sanchez](#). This award was established in 1989 to honor Sonoma County residents who have played a significant role in promoting civil liberties.

The Awards Ceremony and Annual Dinner is the Sonoma Chapter's only fundraising event and is always a fun time. The food is always good; The Pasta King will once again serve up a three course dinner featuring his delicious lasagna and pesto pasta. Add to this music, a happy hour featuring fine wines, a raffle, community groups tabling and a room full of people celebrating civil liberties—it's a terrific evening for those who come and allows the chapter to remain strong.
